

# Back to Forever

## Lissie

If I had my way. We would stay golden  
Frozen in frame. Never get older  
Days pass and time just slips away

The summers that came. Lasted for ages  
Drinking coke in the shame. Sunburnt faces  
I grew up and I.. went away  
But I always said that Iâ€™d come back someday  
To be laid down

Take me back to forever  
Thatâ€™s where I was born to be  
Howâ€™d I end up in this land of never  
Only memories

It used to go slow,  
But now itâ€™s so fast  
It melts like the snow,  
Christmas midwest  
Time lapses years just drift away  
But I always said that Iâ€™d come back someday  
to be laid down

Take me back to forever  
Thatâ€™s where I was born to be  
Howâ€™d I end up in this land of never  
Only memories  
In this spot.

This exact spot  
Is where Iâ€™d hide until I got caught  
And this place, this is my place  
And homes all I got so

Take me back to forever  
Thatâ€™s where I just long to be  
Howâ€™d I end up in this land of never  
Only memories  
Oh my memories,  
they come back to me.  
Oh my memories.
