Advisory - the following lyrics contain explicit language:

Well Berkeley;s full of heathen scum  
I should know I am one  
I'm a drunken junkie bum  
Then there's those Berkely bitches  
Think they'll go from rags to riches  
Hang out on University  
but now they've got my herpes  
You give them enough cash  
They'll do anything you ask  
They'll take it  
They'll take it up the ass  
Then there's those Berkely bad boys  
Don't know how to use there dicks as toys  
They only use them to pee  
So I taugt them something kinky  
Now they're fetid virgin killers  
Mother rapers and hooker thrillers  
They'll bend you down to your knees  
Steamy musous is set free  
We're the people who raped your mom  
She warned you against our mob  
We chained her up to the toilet  
That cunt did grind we blew her jets  
We're all degenerate trash  
Ridin the mud train up your ass  
We'll be your friends and rip you off  
Stick pig brains up grandmas's cunt
