

Duet

Khaya

Hurry up a bit

Yeah, yeah

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

Check this out right here son, we about to move to make you feel some

A lot of positive vibrations to build from

'Cause all I wanna do is lose some and win some

Have a little of prosperity and then some

Livin my life handsome, has always been a dream but

Now it's time to really achieve by all means, bust it

I keep my shit, plus thirty in between

When an arm reach out to grab the supreme

'Cause I won't stop, and AP won't stop

And Tab won't stop until we reach the top

That means we won't quit, so we stay thick so you can enjoy it

I know you like the way it's goin' down, honey honey

I know you like the milky-mellow sound, honey honey

Doin' this ain't all about money, money

I know you like the way I sound, right right

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

I like the way you do it when you do it

When you doin', what you doin'?

As I enter the room I absorb the mood

Positive vibe supplied by a positive crew

And negativity exist and you must acknowledge

You can be intelligent and never go to college

'Cause the way we live in society

It ain't really the way that it's supposed to be

And don't get close to me if you're contaminated
Take a picture of your soul and get it laminated
Put them in your wallet next to your money
Money represents your whole and soul represents your honey
Ain't got honey then you ain't got bees

And if you ain't got no money I'ma still MC
Then empty L O V E all over the track
Once you R E D then you never go back
'Til the end of studio with the Peas as black
With Adam, Taboo and Alligator APL De AP
I like the way you do it when you do it
When you doin', what you doin'?
I like the way you do it when you do it
When you doin', what you doin'?
I like the way you do it when you do it
When you doin', what you doin'?
I like the way you do it when you do it
When you doin', what you doin'?

Yeah, I wanna travel the world and stop on every city
Rejuvenate your burnt out sea put down your Philly for a sec
Close your eyes and don't fret
Listen to the audible sounds and just let
Your soul feel the free feelin'
Reproviding you with the ride, free fallin'
To make your heart beat, skip, hypnotize you and
APL take you on a trip where your mind's at ease
Forget ballin 'cause I won't quit and Will won't quit
And Tab won't quit so you can enjoy it
That means we won't stop and I won't stop until we reach the top
I'd rather be ready for the future

[illegible]

I like the way you do it when you do it
When you doin', what you doin'?
I like the way you do it when you do it
When you doin', what you doin'?
