

I Could Have Lied

Red Hot Chili Peppers

There must be something in the way I feel
That she don't want me to feel
The stare she bares cut me, I don't care
You see, so what if I bleed? I could never change
Just what I feel
My face will never show
What is not real A mountain never seems to have, the need to speak
A look that shares so many seek
The sweetest feeling, I got from you
The things I said to you were true I could never change
Just what I feel
My face will never show
What is not real Could have lied I'm such a fool
My eyes could never, never, never keep their cool
Showed her and I told her how
She struck me but I'm fucked up now But now she's gone, yes, she's gone away
A soulful song that would not stay
You see she hides 'cause she is scared
But I don't care, I won't be spared Could have lied I'm such a fool
My eyes could never, never, never keep their cool
Showed her and I told her how
She struck me but I'm fucked up now I could have lied I'm such a fool
My eyes could never, never, never keep their cool
Showed her and I told her how
She struck me but I'm fucked up now Fucked up now
