Lonely For Awhile

Jon Randall

They say the only cure for losing a woman
Is another woman
But I'm not so sure that's true
Anyone could look in these eyes and knowGot a long way to go
Before I am over you
The only thing that's gonna help
Is a little time to myselfI just need to be lonely for awhile
Take the time to dig down deep
And find an honest smileI don't want to try to pretend
I'm ready to love again
I just need to be lonely for awhile
I just need to be lonely for awhileFriends keep settin' me up with friends
But another friend
Ain't what I need right now
I need to start looking back insideTry to find the pride
I lost when you walked out
I gotta learn to love myself
Before I can love anyone elseI just need to be lonely for awhile
Take the time to dig down deep
And find an honest smileI don't want to try to pretend
I'm ready to love again
I just need to be lonely for awhile
I just need to be lonely for awhileI just need a little time to cry
And find a way to say goodbye
I just need to be lonely for awhile
I just need to be lonely for awhile
I just need to be lonely for awhileLonely for awhile
