

Get Back

Skatterman & Snug Brim

1, 2, 3, 4
Oh no, here we go
Catch me if you can
Don't move too slow
I'm on another level
Can you feel my flow?
See how good
When I'm on the floor
Wonder if you're ever
Gonna zing that I got
I told you before
That I'ma keep it hot
See how it is
When I walk up in the spot
Standing in a line
Ah, I think not
I came to party, baby
You might think I'm crazy
By the way I'm moving
To the beat
You're standing on the wall
What you come here for?
You wanna feel the heat
Dance and lose control
Get back
(Get back)
Get back
(Get back)
Get back
(Get back)
If you can't take it then get back
Get back
(Get back)
Get back
(Get back)
If you can't take it then get back
Get back
(Get back)
Get back

(Get back)
If you can't take it then get back
 Get back
 (Get back)
 Get back
 (Get back)
If you can't take it then get back
 Get back
 (Get back)
 Get back
 (Get back)
If you can't take it then
 DJ spin it back
 Know that I like it
 When you do it like that
 Eyes on my waist
 Feel you better think fast
 Got that kind of body
 Make you wanna spend cash
 Shake it like you seen them do it
 In the video
 Ladies on the floor
 Let me see you get low
 Fellas at the bar
 Won't you spend a little dough?
 This is how I do it
 When I'm tearing up the floor
 I came to party baby
 You might think I'm crazy
By the way I'm moving to the beat
 You're standing on the wall
 What you come here for?
 You wanna feel the heat
 Dance and lose control
 Get back
 (Get back)
 Get back
 (Get back)
 Get back
 (Get back)
If you can't take it then get back
 Get back
 (Get back)
 Get back
 (Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

Watch me

You like it, I've got it

1, 2, 3, 4

Would you like it

If I tease you

Get you really hot

Watch me turn around

Then let me show you what I got

Baby, if you're ready

Won't you step up to the plate

Don't be scared of how I'm moving

Boy, don't play it safe

Let me see you move

Let me see you dance

Let me see you bounce

Danja, bring it back

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then
