We Walk In The Dream

Live

I, was wrong
We, are not these bodies alone
In a dream with a mind of it's own
I, I know you long
To be tethered and tied
To the heart of the one
The one that be layin' you down
On that ancient ground
Nothin' more to be found
Ahh yea
Now we walk in the dream
A dream no more
To live a life in love
The only thing in common was
We knew there was somethin' more
Now we walk in the dream
A dream no more
To live a life in love
To hear the voice in the wilderness
The other side of the door
Somethin' more
I, feel strong
I'm finally at peace
The war is all gone
By, no cause of my own
Like an eagle cuts through the air
No time for fear
Faith in his wings
Takes him there
Now we walk in the dream
A dream no more
To live a life in love
The only thing in common was
We knew there was somethin' more
Now we walk in the dream
A dream no more
Oh yea
Live a life in love
Hear the voice in the wilderness

The other side of the door
Somethin' more
More than these
Women in the streets pullin' out their hair
(Ohh, ohh, ohh)
Somethin' more
(Ohh)
Somethin' more than all the pain we feel
(Ohh, ohh, ohh)
Somethin' more
(Ohh)
More than we could dream of, all light
(Ohh, ohh, ohh)
Love bliss, no death, no fear
(Ohh, ohh, ohh)
No fear, yea
Now we walk in the dream
A dream no more
Oh yea
Live a life in love
The only thing in common was
We knew there was somethin' more
Yea we walk in the dream
The dream no more
Oh yea
Live a life in love
Hear the voice in the wilderness
The other side of the door
Somethin' more
I was wrong
Oh yea, I
(Was wrong)
