

# Lets Go Out Tonight

[Rick Springfield](#)

Where the cars go by  
All the day and night  
Why don't you say  
What's so wrong tonight? Pray for me  
Praying for the light  
Baby baby  
Let's go out tonight Where the lights all shine  
Like I knew they would  
Be mine all mine  
Baby I'll be good Pray for me  
Praying for the light  
Baby baby  
Let's go out tonight I know a place  
Where everything's alright  
Alright  
Let's go out tonight Where the cars go by  
All the day and night  
Why don't you say  
What's so wrong tonight I pray for love  
Coming out alright, yeah  
Oh baby baby  
Let's go out tonight, yeah Baby baby  
Let's go out tonight  
Let's go out tonight  
Tonight Tonight, tonight  
Let's go out tonight  
Yeah Where the cars go by  
Where the lights won't shine  
Tonight
