

# Am I the Only One?

## Barenaked Ladies

Am I the only one who gets to make you laugh, laugh until you cry?

Am I the only one who asks you to go, go on without me?

Am I the only one who loves when you leave

Your hair down in front of your eyes? And who, who do you think I am?

And who, who do you think I'll be without you? Am I the only one who had to dress you up to see how you fell  
down?

Am I the only one who needs you to go go on about me?

Am I the only one who loves when you leave

Your hair down in front of your eyes? And who, who do you think I am?

And who, who do you think I'll be without you?

And who, who do you think I am?

And who, who do you think I'll be without you?
