

# Gomer Pyle

## Cravin' Dogs

Society, dog pile  
Religion, shit pile  
The government, dirt pile  
Military, Gomer Pyle  
Army, air force, marines, shit pile  
Training our children  
To go out and wage war  
Some may come home  
But the rest will be dead  
Mentally scarred  
For children too late  
After being in war  
Unconscious too, why?  
Giving them war toys  
They buy at the store  
The system conforms them  
For their country they'll die
