Planetary Black Elements

The Kovenant

Nexus Polaris...a truth concealed
A gaunt expression of the end
Prophecies revealed...dimensional chaos
In perfect symmetry - a mask so dreary
A truth so stained - a planetary conformation
A long lost creation - a black door dimension
In shallow mystery
What is this universe, but a will to exist?
Forever...in all dimensions - Polaris opens it eyes
The Nexus of time and space
Nexus Polaris...a path revealed - A joyous feast of fools
Stupidity renewed...dimensional chaos...in perfect harmony
Possessive illusions - like the taste of defeat
Regress or regenerate - and your downfall is complete
Illusive possessions - an imaginary void
Hurled towards chaos - to destruct or destroy
We reach for outerdimensional paranoia
concealed paralells and hidden truths...
And then, as we galantly plunge the borders
Of or own existance...elements dissolve
And microcosmos collide these are the planetary
Black elements in which the force lies to a
Greater cosmic glory...when the doors of
Perception are cleansed...the Nexus Polaris
Will rise...
Possessive illusions - like the taste of defeat
Regress or regenerate - and your downfall is complete
