

# When the Blue Hour Comes

[Joan Osborne](#)

The good times are all gone, the night keeps coming on so strong  
You can't hold on, no matter what you do  
Will there be someone who cares for you  
When the blue hour comes, when the blue hour comes And when your restless heart, tears your world apart  
And everywhere you turn, it's coming down on you  
Will there be a light that shines for you?  
When the blue hour comes for you If there's anything that you would have me do  
Just call on me and I'll be coming through  
I will always be there for you  
When the blue hour comes, when the blue hour comes Good times don't last forever, sometimes it's now or never  
Darling, reach out for me, you know where I'll be  
I will always be there for you  
When the blue hour comes, when the blue hour comes for you
