Sphere

Blutonium Boy

Crawling back up from the floor now
I look above me and there you are
I see your smiling face so pure, its gold
Reaching your hand out to touch minePerhaps all I needed was your smile
A nice compliment or two
Where were you a few weeks ago?
When I was wanting to dieI felt so worthless but you saved me
Watching me almost fall under
You were with him I was with her
Wanting each other more than life
A kiss away from being perfectCry out you're watching over me
And I can't be with you
All I wanted was to end me
Not to be in love with twoI hate my thoughts now
I'll leave her alone to live in bliss
You're my savior my dream come true
Why?Trying to figure out a way
I'll lick your wounds I'll heal your sores
I can never face my past
Not together I felt so sick insideDeath will come very soon
I tear as we drift away
Death will come very soon
I tear as we drift awayPicture me, picture me, picture me
Picture, dead
Would you cry? Would you?
Would you cry? Would you cry?
