Clouds

Before You Exit

Time tried to stop one
Cold cold night in June
Somehow I knew you
Kept on dancing throughAnd you jumped on a flight in the
Darkest of blues, took a trip to paradise
Through the stars and back over moon
Oh, tell me it's true, ohPlease just tell me you're alright
Are you way up in the sky
Laughing, smiling, looking down
Saying "one day we'll meet in the clouds"
Up in the cloudsNo one I knew stood
Half as bright as you
But now you shine on
The perfect avenueAnd the light that you left it helps me to see
A way through all the bitterness
A way to who I really want to be
Oh, light up the streets, ohPlease just tell me you're alright
Are you way up in the sky
Laughing, smiling, looking down
Saying "one day we'll meet in the clouds"
Up in the cloudsSome nights I still hear your whispers
And your memories they hang like a picture
Oh oh, you'll always be just like a sisterSome nights I still see your smile
Your number I wish I could dial
Oh oh, but I can't wait to talk for a while, oh ohPlease just tell me you're alright
Are you way up in the sky
Laughing, smiling, looking down
I know one day we'll meet in the clouds
Up in the clouds
