

# Lighter

## Colour The Atlas

I don't want to fall any faster  
Than the world spinning round  
I've been washing down  
Take it as it comes, live life lighter  
I don't want to feel, not today.   
All my times a waste

Glitter and gold who do you want to be?  
Purple yellow how do you want to feel?  
Let it go

I don't want to roll any faster  
Than the world spinning round  
Everyone come down

People relax

Glitter and gold who do you want to be?  
Purple yellow how do you want to feel?  
Let it go

Who are you fooling, child?
