

# Somebody Who (Nzca Remix)

## Au Revoir Simone

Can't stay awake, I wonder how long I can fake it.

Outside I wait, I feel my body hesitating.

Can't find a little more time, this world knows how to take it.

Don't even know but I need somebody else to break this. Somebody who can stay awake. I need somebody who. Somebody who can stay awake. I need somebody who. You're saying one thing but I just can't see the vision.

Not sitting right with the impression that you're giving.

Sometimes I wish the night could show me what I'm missing.

Hands tied, just act natural, I want. Somebody who can stay awake. I need somebody who.

Somebody who can stay awake. I need somebody who.

Somebody who can stay awake. I need somebody who.

Somebody who can stay awake. I need somebody who. Take me over, turn me on.

I can't stop, it's what I want.

Take me over, turn me on.

I can't stop, it's what I want. Somebody who can stay awake. I need somebody who.

Somebody who can stay awake. I need somebody who.

Somebody who can stay awake. I need somebody who.

Somebody who can stay awake. I need somebody who.
