Phineas Freetag

drumfish

Its always, always under, under hill
He said to her she said to him rewind
Him to said she her to said he forwards
And on went Phineas and his wifeFuzzy Mr. Freetag a home owner
He has dug for himself quite some little hole
For you see he has far too large a family
And it seems quite clear that someone must goThey must go, the must go
Take away, cannot stay
Its always homeBanishment is not an easy question
In particularly when handling ones own heirs
Which to choose I wonder which to choose
We must use a method that will be most fairPhineas has ruled out an addition
For he so dislikes cleaning dirt from his clawsVery gray, they must go
Take away, cannot stay
Its always home
