# Either Way

## Wilco

Maybe the sun will shine today
The clouds will blow away
Maybe I won't feel so afraid
I will try to understand either way
Maybe you still love me
Maybe you don't
Either you will or you won't
Maybe you just need some time alone

I will try to understand
Everything has its plan either way
I'm gonna stay right for you
Maybe the sun will shine today
The clouds will roll away
Maybe I won't be so afraid
I will understand how everything has its plan either way
