

Unsociable

Mindless Self Indulgence

I've never had too much

I've never had to lie

I've never had to sacrifice

my life I've never had too much

I've never had to lie

I've never had to sacrifice

my life One of these shapes is not like the others I'm Socially Unacceptable, Unexceptional, Unsociable, (x4)not
like the others

one of these shapes is not like the others

one of these shapes is I've never had too much

I've never had to lie

I've never had to sacrifice

my life one of these shapes is not like the others I'm Socially Unacceptable, Unexceptional, Unsociable, (x4)not
like the others

one of these shapes is not like the others

one of these shapes one of these shapes is not like the others

I'm Socially Unacceptable, Unexceptional, Unsociable, (x4)not like the others

one of these shapes is not like the others

one of these shapes
