

# Someone for Me

## Whitney Houston

Someone for me, someone for me I'm here alone on a Friday night  
Waiting here beside the phone  
The TV, radio, and me  
Really ain't been getting along I wish that I could fly away  
To party to the break of day  
And there I'll be sure to meet  
The guy that would be special to me Then momma comes and asks me  
Why I am dreaming, sitting alone?  
Why not go out and have some fun?  
It's the only way I'll ever find someone for me  
While I am young and seventeen Someone for me  
(Someone for me)  
I've got to find someone  
Someone  
(Someone for me)  
I've got to find someone Now there's a party down at Angie's house  
With people packed against the wall  
I'm sitting in a corner here  
Trying to make sense of it all And when I least expect it  
Meeting a guy I see in my dreams  
Here he is walking up to me  
And asking, if I'd like to come and dance with him  
I think I found someone for me Someone for me  
(Someone for me)  
I've got to find someone  
Someone  
(Someone for me)  
I've got to find someone I need somebody for me  
I need somebody for me, someone  
And so I'm finding out that dreams you believe in can come to be  
And now I'm looking up to find that joy and happiness  
Can come to you and me  
I actually found someone for me Someone for me  
(Someone for me)  
I need somebody for me, I need somebody for me  
Someone  
(Someone for me) Someone for me, someone for me, someone  
(Someone for me)  
Someone, someone, someone, someone, someone, someone for me

(Someone for me) Somebody, somebody, somebody, somebody, yeah, yeah

(Someone for me)

I need somebody for me, I need somebody for me, someone

(Someone for me) Someone for me, someone for me, someone

(Someone for me)

Someone, somebody, someone, somebody, someone

Somebody for me

(Someone for me)

Someone, somebody, someone, somebody for me
