Rough Landing, Holly

[Yellowcard](#)

Left the ground in black and white
And when the plane went down
The colors all aroundI know by now, the marching slide
And still I can't get out, she's all I think about
Can't let her go, it's who you knowWe came down to watch the world walk by
And all she found was trouble in my eyes
From the sky, she pulled me down tonight
Let her go, let her goShe moves fast
Takes control and like a heart attack
I know I can't turn backAnd time just passed, nights moved slow
And she was all I had, I thought I'd never last
Can't let her go, it's who you knowWe came down to watch the world walk by
And all she found was trouble in my eyes
From the sky, she pulled me down tonight
Let her goLet her goWe came down to watch the world walk by
And all she found was trouble in my eyes
From the sky, she pulled me down tonightShe calls out the farther that I fly
I love that sound so give me one more line
And from the sky she pulled me down tonight
Let her go, let her goLet her go, let her go
