Lost in the Smoke

Scarlet White

Has it been this long
Since I've seen you there
I never wanted you gone
I miss you and our life
You're too far from me

I'm sorry
Oh,god
I'm sorry

Stay a little longer
Don't run into the fire
As it burns
All the family that we were
Now, don't get lost in the smoke
(don't get lost in the smoke)

Oh. I'll try so hard
to show you my heart
I'll teach you
All you should know
Don't worry
We'll be fine
Put you trust in me

I love you
Oh,god
I love you

Stay a little longer
Don't run into the fire
As it burns
All the family that we were
Now, don't get lost in the smoke

Furthermore
I want you to know
That i can't see your face
When you're lost in the smoke
Of our former lives

I miss our lives
Let me drag you away
Let me save the day
Furthermore [x2]
I'll drag you
From the smoke
I'll save you [x2]
Just grab my hand [x2]

Stay a little longer
Don't run into the fire
As it burns
All the family that we were
Now, don't get lost in the smoke
