

Life Line

[Harry Nilsson](#)

Down to the bottom
Hello, is there anybody else here?
It's cold and I'm so lonely
Hello, is there anybody else here? Hello, won't you throw me down a Life Line?
I'm so afraid of darkness
And down here, it's just like night time Oohs, are all around me
Hello, will you please send down a Life Line? Down and there isn't any hope for me
Unless this dream which seems so real
Is just a fantasy
