

All Day, All Night

Changing Faces

No no no no
No no no no no
No no no no
No no no no no All day, all night
All day, all night You used to be someone I could hold
You used to be somebody I could talk to
But now everything has gone wrong
Why the hell do you expect me to sweat you Every time I ask you
You up and walk away
Drama is all you bring me
That's why I gotta say parlay All day, all night
I need a man who's gonna do me right
All day, all night
That's the kind of man I need in my life You used to take me out on the town with you
And kept your arms wrapped around me
Now every time I turn around, I'm beggin' you
But dammit you're too blind to see Every time I page ya
You never return my calls
Now I know why I'm leavin'
Cause you don't give me your all All day, all night
I need a man who's gonna do me right
All day, all night
That's the kind of man I need in my life
All day, all night
I need a man who's gonna do me right Nah nah nah
Nah nah nah nah nah No more strokin' up and down
You're too busy
Foolin' Around
No more strokin' up and down
You must be zonin' boy All day, all night
I need a man who's gonna do me right
All day, all night
That's the kind of man I need in my life All day, all night
All day, all night All day, all night
All day, all night
