

Young Heroes

[Kim Wilde](#)

Everyone round keeps putting us down, let it go.

It's the same old play in a grown up day.

It's a stinging sensation.

Hanging round on every corner.

Where, all the young kids I know want to be. A. We only wanna stay young, we only wanna be free.

He doesn't wanna be you, she doesn't wanna be me.

R. We're young heroes. (2) [End of A.] Shouted down pushed and we're getting real bushed.

Just have your say and we'll do it your way,

if it makes you feel better.

Nothing much to add to what I say,

'cause I know just how it feels to be... [Repeat A.]
