

Bright Lights

Gary Clark Jr.

Wake up in New York City
Lying on the floor
Just outside of Marcy's - West 54 "wow"
You gonna know my name by the end of the night "well"
You gonna know my name by the end of the night "well"
Bright lights, big city going to my head
Bright lights, big city going to my head
Bright lights, big city going to my head
I don't care no, no
You don't care
Start up with the bottle
End it up with the bottle
Taking shots, waiting for tomorrow
Trying to fill up, was hollow
You gonna know my name
You gonna know my name
Bright lights, big city going to my head
Bright lights, big city going to my head
Bright lights, big city going to my head
I don't care no, no
Cause you don't care
Get lost in this city trying to find myself
I woke up with different versions
Came down somebody else
I know it ain't right
But its song in my head
Wow I'm surprised
I'm still alive I should breathe in
Bright lights, big city going to my head
Bright lights, big city going to my head
Bright lights, big city going to my head
I don't care no, no
You don't care
You gonna know my name
You gonna know my name
You gonna know my name
You gonna know my name by the end of the night, well
