More Time to Kill

[Lamb of God](#)

I just got the news today you were dying
Hot damn, we're already partying
But please, before you have to leave
Let me tell you a few last thingsSuffer unto me
Indulge my every needI don't want to meet you halfway
I've always despised that fucking placeSuffer unto me
Indulge my every needI'm not offering you my way
I'm kicking you down the fucking highwayGet one thing straight from the get go
I truly don't give a fuck about you
I never have and I never will
Each day you breathe is more time to killGet one thing straight from the get go
I truly don't give a fuck about you
I never have and I never will
Each day you breathe is more time to killI never have and I never will
I never have and I never will
Fuck your world upGoddamn, your last breath, I'll take it now
Your last breath, I'll take it now
Your last breath, I'll rip it away
And haunt your dreams in your final sleepYou can only shit in one hand
And shit in the other
It's easy to unfold up first
The numbers come on
And it's sure as hell
Ain't no like you have, sonGet one thing straight from the get go
I truly don't give a fuck about you
I never have and I never will
Each day you breathe is more time to killGet one thing straight from the get go
I truly don't give a fuck about you
I never have and I never will
Each day you breathe is more time to killI never have, I never will, never will
I never have, I never will, never will
