

# Money Money

## Ufo

Well, I'm down, face tomorrow  
I drown in this fool's sorrow  
I hear the lies, who I choose  
No alibis, never a trace I'm blue  
Well, I'm not so proud  
Baby, I can see  
You take my money  
And you're laughing at me  
Ain't no clown  
And you're no debutante  
I wanna give  
How much do you want? Money  
Look what you've done  
Money  
Hope on a third degree  
You're so dumb  
You got all the protections  
Number one  
But your only intention  
Money  
Look what you've done  
Money  
Hope on a third degree  
You're so cool  
Playing glamor, glamor  
Full of school  
But I'm still in emerald  
Money  
Look what you've done  
Money  
Hope on a third degree  
Well, I'm not so proud  
Baby, I can see  
Take my money  
And you're laughing at me  
I ain't no clown  
And you're no debutante  
I wanna give  
How much do you want? Money, money  
You think I can't see  
Take it all  
And you're laughing at me  
Money, money  
You're no debutante  
Wanna give  
How much do you want? Money  
Look what you've done to me  
Money

Hope on a third degreeMoney  
Look what you've done to me  
Money  
Hope on a third degree
