I Remember Nothing

Sun Splitter

We were strangers
We were strangers
For way too long, for way too long
We were strangers
For way too long
Were strangers
Get weak all the time, may just pass the time
Me in my own world, yea you there beside
The gaps are enormous, we stare from each side
We were strangers for way too long
Violent, more violent, his hand cracks the chair
Moves on reaction then slumps in despair
Trapped in a cage and surrendered too soon
Me in my own world, the one that you knew
We were strangers
We were strangers, for way too long
For way too long
