Darkness Within (Acoustic)

Machine Head

Here in the darkness that I lay
Depression heavy in its weigh
And how my body aches to leave
To sing its final eulogy
My sons I love you evermore
And though the road beckons once more
I see the damage that I've done
In search for redemption
But I am just a broken man
Whose souls cries out to understand
How the madness shatters me
Upon the stage on bended knee
I scream out loud at skies above
That answer mute bereft in love
I struggle not to fall from grace
Or sing the hymns of my disgraceWe build cathredrals to our pain
Establish monuments to attain
Freedom from all of the scars and the sins
Lest we drown in the darkness withinMysterys forgotten chords
I strum in vain to please the lord
But he has never answered me
My faith has waned eternally
In empty men who pass along
The woes of all religions wrong
But now the shadowed veil it falls
Heed the clarion call
So pray to music build a shrine
Listen in these desperate times
Fill your heart with every note
Cherish it and cast afloat
Because god is in these clef and tone
Salvation is found alone
Haunted by its melody
Music it will set you free
Let it set you freeWe build cathredrals to our pain
Establish monuments to attain
Freedom from all of the scars and the sins
Lest we drown in the darkness withinMusic my saviour (save me)We build cathredrals to our pain
Establish monuments to attain

Freedom from all of the scars and the sins
Lest we drown in the darkness within
