

# Funky

Paul Gonsalves

Got a groove that hits you right to the bone  
Let the rhythm rock this place, crazy  
We are here to slap the bass in your face  
'Cause I want you to feel what you got is for real  
You got power and energy

Chorus:

Now we're getting funky  
You know that we got it  
Funky you'll see what it's like  
Funky know that we got it  
Funky and everything is happening tonight  
You know the rhythm is taking me high, yeah yeah  
Feel it everyday and every night  
I don't wanna let it go, oh no  
Won't you come along and go with the flow

Chorus

Let it loose and you will see  
You got it deep inside  
'Cause you know it sets you free  
The feeling that will blow your mind

Chorus
