Speculum

Mittsies

There's so many people dying
You complain' about your situation
What about me?
Half the world wouldn't know
What it's like to lose your seed
Maybe you can understand(How I feel)
I cannot reach that soul
You're probably watchin' over us
Know that I think of you
It's killing meThe guilt has lasted years
Still cry
(Cry)
It was all planned out
Why was I last to know?
Don't you trust in me?
The table's cold, it's too late
To make up for these mistakes
Maybe you can't understand(How I feel)
I cannot reach that soul
You're probably watchin' over us
Know that I think of you
It's killing me(How I feel)
If I would have known
I can't say, what I would have done
If you could forgive
I'd like to rest with you someday(How I feel)
I cannot reach that soul
You're probably watchin' over us
Know that I think of you
It's killing me(How I feel)
Is I would have known
I can't say what I would have done
If you could forgive
I'd like to rest with you someday
