

Break Down the Walls

Exciter

I live for the night - I'm a bringer of fright
Here to take your life - I'm a sinner that's right
Filling your heads with pain,making you writhe and bleed
I'll destroy this place,making you screamAh - Ah
Ah - AhBreak down the walls - Break down the walls
Break down the walls - Break down the wallsI torture your brain - I'm the bringer of pain
Tear and grind at your mind,watching you falling insane
In the depths of teh dark I can hear you screaming for your life
Cannons are ready for fire you're in the sightsAh - Ah
Ah - AhBreak down the walls - Break down the walls
Break down the walls - Break down the wallsI live for the night - I'm a bringer of fright
Here to take your life - I'm a sinner that's right
Filling your heads with pain,making you writhe and bleed
I'll destroy this place,making you screamAh - Ah
Ah - AhBreak down the walls - Break down the walls
Break down the walls - Break down the walls[Beehler, Johnson, McPhee]
