Love Me

Lunic

I'm not perfect
Ispend my time alone
Iget bored fast
Idon't answer my phone
Iwake up too late
Itell little white lies
God knowsI drink too much
Ihave secrets I still hideCan you love me?
Love me
If not forever than just for today
Ipromise to try and get better
CauseI know now love is all that mattersI'm unreliable
I don't have a backup plan
I'll forget your birthday present
I'll expect you to understand
I'm impatient
Iact tougher thanI am
Iwonder if all the peopleI love
Even know I love themCan you love me?
Love me
If not forever than just for today
Ipromise to try and get better
CauseI know now love is all that matters
