

My Love Will Never Die

[Hozier](#)

You've done
Me wrong
For a long
long timeBut after all
You've done
I never changed
My mindHoney please
Try to love me
Honey please
Honey try
My love will never dieFlowers
Flowers grow
Where I'm laid
To restHoney pick
A blossom
And hold it
Hold it
To your breastHoney you know
That's my love
Bursting loud
From insideMy love
Oh my love my love
will never die
