

Too Hot To Stop

The Bar-Kays

Yeah, hey, hey
Oh, yeah I'd been having my
Eyes on you for awhile
Girl, it's something about your act
And I sure do like your style Maybe it's the way
That you carry yourself
Maybe it's the way
That you ride around You move with the feeling
And you sure know how
Girl, I'm out to get your love
And I'm too hot to stop now Yeah, yeah, yeah.....I don't mind if I'm considered uncool
Cause I believe to each his own
I don't play that rule When you find the special one
That really drives you wild
You owe it to yourself to try
Cause soon they might be gone Getting next to you
Is what I want to do
Girl, I wanna get it somehow
Cause I'm too hot to stop now Yeah, hey, hey, yeah Getting next to you
Is what I want to do
Getting next to you
Is what I want to do Getting next to you
Is what I want to do
Getting next to you
Is what I want to do Yeah, hey, hey, yeah
