

Into Trouble

Lilly Wood & The Prick

Persistent dreams at night,
I'm fully aware, there's gonna be a fight
Now rest your head, calm down
Now lay your body, next to mine Boy I have gotten myself into trouble (x2) Perfection nights in a dark dark place
The kids once they told me I'm just trouble
Now give me your head
This time replace your body with mine Boy I've been waiting around for a while (x2) Frustration takes me to a
bad bad place
They all try to tell me, I'm just trouble
Let go off my hands now, it's time
Get out of my head
There's gonna be a fight Boy I have gotten myself into trouble (x5) It's what I need
