Red Wine

Kelly Rowland

What you know about lovin' me 'til the sun comes up
Then the sun goes down
Can you give me that kinda love that won't give up
Never let me down
I discover
True love exists
It's common sense
I've got confidence
In love, in love, in love
Oh love brought us together
But love won't wait forever
Let go of "whatevers"
Got you thinking ever ?

You got me over here pouring my heart out
Saying whatever
I shed some tears with my cuzo (Oh yeah oh yeah)
Playing whatever
I discover
True love exists
It's common sense
I've got confidence
In love, in love, in love
Oh love brought us together
But love won't wait forever
Let go of "whatevers"
Got you thinking ever ?
