

Got A Feeling

Josh Butler

Got a feeling
Got a feeling
Don't you like that
I got a feeling
Got a feeling
Don't you like that
I got a feeling
Got a feeling
Don't you like that
I got a feeling
Got a feeling
Don't you like that

I got a feeling
That you like me
That you like me
From the start

And when I see you
Oh it takes me
It takes me to the stars
Oh to the stars

I got a feeling
That you like me
That you like me
From the start

And when I see you
Oh it takes me
It takes me to the stars
Oh to the stars

I got a feeling
That you like me
That you like me
From the start

And when I see you
Oh it takes me

It takes me to the stars

Oh to the stars

I got a feeling

That you like me

That you like me

From the start
