Mayday Parade

Whats this game
That we pretend to play
Always you take too many
Try to pick up that ????
If you want me to try I will
Try 'til youre satisfied
Promise if things go right
We can go back if you'd like
Stuck in between
Caught in a meantime
Always alone
Even the one time these feelings let me end
So it has to be
Just like you had imagined it be
With a rope in your one hand
Rock in the other
Swim for the shore
I don't belong here
We don't belong here
Let's swim for the shore
Stuck in between
Caught in a meantime
Always alone
Even the one time these feelings let me end
When you were outside
I was screaming your name through the radio
And why did I lie
Just to sing of your ???
Whoahoa oh oh
When you were gone
I forgot how to make anything at all
You left before it was time to go
