Come On Over

Fiji

If my life is like a jig saw, with the pieces out of place
Come on over
put a smile up on my face
And if all my bad days came at once, you would know just what to do
Come on over
Only you can see me through
And if you think I need you
Come on over
Bring your love around, only you can dry my tears
And if you think I need you
Come on over
Lay your body down
You know I will be here
Bring your love around.

[verse2]
So take it easy and come on over so let me show you why I wanna be your lover. its satisfaction every time you come around ah
Because you standing with two feet up on the ground

When I can not see in front of me
And you know my darkest days
Come on over
You can take them all away
And if all my bad days came at once
You would know just what to do
Come on over
Only you can see me through
And if you think I need you
Come on over
Bring your love around
You can dry all my tears [baby]
And if you think I need you
Come on over
Lay your body down
You know I will be here
Bring your love around

[repeat verse2]
