

It Hurts Me

[Elvis Presley](#)

It hurts me to see him treat you the way that he does
It hurts me to see you sit and cry
When I know I could be so true
If I had someone like you
It hurts me to see those tears in your eyes
The whole town is talking, they're callin' you a fool
For listening to his same old lies
And when I know I could be so true
If I had someone like you
It hurts me to see the way he makes you cry
You love him so much, you're too blind to see
He's only playing a game
He's never loved you, he never will
And darling, don't you know he'll never change
I know that he never will set you free
Because he's just that kind of guy
But if you ever tell him you're through
I'll be waiting for you
