

# Should I Stay

Billy Ray Cyrus

I can feel your teardrops on my shoulder  
I don't know what to say or what to do  
You're the one who told me it was over  
You said this love affair was all but through  
Well I know that there's two sides  
To every story  
And that's what's going on inside my soul  
'Cause my heart is saying  
"Leave and you'll be sorry"  
But my mind is saying it's time for me to go  
And my heart says I should stay  
But my mind says I should go  
Should we end our love today?  
Or should we let it grow?  
And my heart says I should stay  
But my mind says I should go  
Tell me if you love me, let me know  
Tell me, Should I Stay or Should I Go?  
To think of me without you, I'm so lonely  
'Cause you're the one  
Who helped me for so long  
All the nights we'd lay to love each other  
With the radio playing our favorite song  
And I remember when you told me  
You first loved me  
With teardrops in my eyes I said  
"I love you too"  
And my heart still feels the same  
And will forever  
But my mind is tellin' me  
That we're all through  
Should I Stay or Should I Go?  
Tell me please  
I need to know
