

Can't Be With You Tonight

Judy Boucher

If my love wasn't here with me tonight
I would leave with you for just a little while
But I love him the same way as I love you now
And I'm sorry I can't be with you tonight Though I want to hold you in my arms tonight
I wouldn't take the chance cause it won't be right
Maybe when we meet again some other time
Cause tonight I'll only share my love with him So please understand my situation
I love you
But I cannot be with you
If I could be in two places at the same time
Believe me
I would share my love with you So please understand my situation
I love you
But I cannot be with you
If I could be in two places at the same time
Believe me
I would share my love with you Believe me
I would share my love with you
Believe me
I would share my love with you Believe me
I would share my love with you
