All I Wanna Do

Chris Chambers

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

All I wanna do

Take a look inside my heart
Tell me what you think you see
I may not be the innocent girl
That you wanted me to be

Some nights I just wanna lover
Some nights I don't need a friend
Some nights I just need somebody
To hold me 'till the end
Because

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

Take a look inside my heart
Tell me what you think you need
You may not see the innocent girl

That you keep inside your dreams
Because

Some nights I just wanna lover
Some nights I don't need a friend
Some nights I just need somebody
To hold on 'till the end
Because

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

Take a look inside my heart

All I wanna

Take a look inside my heart
Tell me what you think you see
I may not be the innocent girl
That you wanted me to be

Some nights I just wanna lover
Some nights I don't need a friend
Some nights I just need somebody
To hold on 'till the end
Because

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do
All I wanna do

All I wanna do
All I wanna do
All I wanna do is touch you
All I wanna do

All I wanna do

Take a look inside my heart
Take a look inside my heart
