

# Alone (feat. Guizmo)

Selah Sue

It's a dark road  
On the other side  
Don't you see I'm alone without you  
All the walls started coming down  
Can't you see I'm alone without you Spent an eternity  
Missing what used to be  
I hope you remember me at night  
Love has forsaken me  
The day you abandoned me  
Say you remember me this time 'Cause I'm alone  
I'm alone  
I'm alone  
Without you  
'Cause I'm alone  
I'm alone  
I'm alone  
Without you Black coal burning on the ground  
Rescue me I'm alone without you  
It's a cattle call of certain emotions  
It seems to me I'm alone without you Spent an eternity  
Missing what used to be  
I hope you remember me at night  
Love has forsaken me  
The day you abandoned me  
Say you remember me this time 'Cause I'm alone  
I'm alone  
I'm alone  
Without you  
'Cause I'm alone  
I'm alone  
I'm alone  
Without you Was it already over  
Before the end  
Did the door start to close  
Once we began  
But did you let go  
Couldn't take this tug of war  
No more, no more 'Cause I'm alone  
I'm alone

I'm alone  
Without you  
'Cause I'm alone  
I'm alone  
I'm alone  
Without you 'Cause I'm alone  
I'm alone  
I'm alone  
Without you  
'Cause I'm alone  
I'm alone  
I'm alone  
Without you Without you  
Without you  
Without you  
Without you
