Leaving Song

Socialburn

Forget the things I said last night
'Cause I was wrong and you were right
I can't believe the things I say to you sometimes'Cause 24 hours till I go away
They want me over there so I can't stay
So I say, make the best of the times we haveSo hold on to me tonight
'Cause this could be our last time
And hold on to me foreverMy friends think that I should be out hangin' around
Their local bars what's wrong with this town
All I really want or need is youThere's 24 hours till I have to leave
Then I'm off to see what I can see
It's my job don't take it personallyAnd hold on to me tonight
'Cause this could be our last time
And hold on to me forever
And hold on to me foreverAnd hold on to me tonight
'Cause this could be our last time
And hold on to me foreverForget the things I said last night
Forget the things I said last night
'Cause I was wrong and you were rightSo hold on to me tonight
'Cause this could be our last time
And hold on to me foreverAnd hold on to me tonight
'Cause this could be our last time
And hold on to me forever
And hold on to me forever
And hold on to me forever
