

She's a Movie Produced Masterpiece

Eighteen Visions

She's a pretty girl
She's a model in the studio
She's a beauty queen
She's a knockoutShe's my beauty queen
She's a fucking knockoutBlonde bombshell, blue eyed beauty
You rock my fucking worldAnd she turns me on
Like her names lit up on sunset
A model in the making
And I've fallen for herAnd I'll fall for her tonight
You are my gleaming Goddess
Fashion was coincidence
NoAnd she'll be my supermodel
(She'll be my supermodel)Blonde bombshell, blue eyed beauty
You rock my fucking world
Blonde bombshell, blue eyed beauty
You rock my fucking worldCan I find myself
In the arms of her insanity?The Heaven says, to beware
Well, I could still end up crazy
The Heaven says, to beware
Well, I could still end up crazyI'll shiver to hold my thoughts
But the ghosts in my dreamsStill seem to creep through my head
And this is where my night ends
Slipping across the slides of my dreams
This is the end, awoken for the hundredth timeShe's so confusing
If she only knew
She rocked my fucking world
In all her gloryShe's a girl, she's a beauty queen
She's a fucking knockout
She's a girl, she's a beauty queen
She's a fucking knockoutI'll see her on the silver screen
Her name in lights burning bright
I see her, yeah
She's burning up, yeahBlonde bombshell, blue eyed beauty
You rock my fucking world
Blonde bombshell, blue eyed beauty
You rock my fucking worldBlonde bombshell, blue eyed beauty
You rock my fucking world
Blonde bombshell, blue eyed beauty
You rock my fucking world
