

# Get On the Line

## The Archies

We started something, gonna get together  
Every man and woman, boy and girl  
Loving one another, all sisters and the brothers  
Loving one another 'round the world  
Get on the line  
Get on the line for love  
Get on the line  
Get on the line for love  
The sun is rising on a brand new morning  
Got to tell the people everywhere  
Got to pass it on, before all hope is gone  
Let the man go by, he didn't care  
Open up your mind  
Get on the line for love  
Get on the line  
Get on the line for love, come on  
Get on the line, hey  
Get on the line  
Can't you see what's happening?  
(Can't you see what's happening?)  
Open up your mind  
(Open up your mind)  
Reach out your hands to your  
Brothers and sisters  
Or you're gonna be  
Left behind it and you know  
Get on the line  
Get on the line for love, na, na, na  
Get on the line  
Get on the line for love, yeah  
We started something gonna get together  
Every man and woman, boy and girl  
Loving one another, all sisters and the brothers  
Loving one another 'round the world  
Come on, get on the line  
Get on the line for love, na, na, na  
Get on the line  
Get on the line for love, yeah  
Get on the line  
Get on the line for love  
Clap your hands  
Come on  
(Get on the line)  
Come on  
(Get on the line)  
Come on  
(Get on the line)  
Come on  
(Get on the line)  
(Get on the line)  
(Get on the line, get on the line)  
Get on the line, now

(Get on the line, get on the line, get on)  
Get on the line  
(Get on the line, won't you get on the line?)  
Come on  
(Get on the line)  
Get on the line now  
(Get on the line)  
Get on the line now
