

# Cold

## Hope Partlow

I can still remember  
When we were first together  
Every time you held my hand  
It felt just like foreverIt feels like it's not the same  
Is it me or has the weather changed?  
Say what you got to say  
Something's going wrongIt's getting cold in here, baby  
And I don't know what's going on  
But I feel the love is goneIt's getting cold in here, baby  
And I don't know what went wrong  
But I think you're letting goUsed to be into me  
Now you're like, whatever  
All my friends can't believe  
That we're still togetherIt feels like something strange  
Is it you or has the weather changed  
Say what you got to say  
I'm not here to place the blameIt's getting cold in here, baby  
And I don't know what's going on  
But I feel the love is goneIt's getting cold in here, baby  
And I don't know what went wrong  
But I think you're letting go  
But I think you're letting goColder than it used to be  
And everything is a little bit hard  
Frozen just like you and meIt's getting cold in here, baby  
And I don't know what's going on  
But I feel our love is gone  
You should know, you should knowIt's getting cold in here, baby  
And I feel a chill coming on  
And I think your love is goneIt's getting cold in here, baby  
And I don't know what went wrong  
But I think you're letting go(It's getting cold in here, baby)  
Yeah, I think you're letting go  
(It's getting cold in here, baby)  
How could you be so cold  
(It's getting cold in here, baby )  
I don't know what went wrong  
But I think you're letting go
